

Bluesky Digital Assets Corp., Appoints Raymond Chabot Grant Thornton as Auditor

FOR IMMEDIATE RELEASE

Toronto, Ontario, December 10, 2021 – Bluesky Digital Assets Corp., (CSE: BTC), (CSE: BTC.PR.A), (OTCQB: BTCWF), ("Bluesky" or the "Corporation") announced today that the Board of Directors (the "Board") has implemented and has approved a change of the Corporation's Auditor. The Corporation's Former Auditor, Davidson & Company LLP (the "Former Auditor" or "Davidson"), has resigned at the Corporation's request. The Board and the Audit Committee of the Corporation (the "Audit Committee") have appointed Raymond Chabot Grant Thornton LLP (the "Successor Auditor" or "RCGT") as the Successor Auditor of the Corporation, effective as of November 30, 2021.

There were no disagreements or unresolved issues with the Former Auditor on any matter of the audit scope or procedures, accounting principles or policies, or financial statement disclosure. There have been no "reportable events" (as defined in National Instrument 51-102 Continuous Disclosure Obligations) between the Corporation and the Former Auditor. The Former Auditor did not provide a modified opinion in their auditor's report for the financial statements of the Corporation's fiscal years ended December 31, 2020 and 2019.

A Notice of Change of Auditor (the "Notice"), together with the response letters from the Former Auditor and Successor Auditor have been reviewed by the Audit Committee and the Board and have been filed on www.sedar.com.

Frank Kordy Secretary & Director stated: "Following a thorough selection process we selected RCGT as we see RCGT as an industry leader in the Audit of cryptocurrencies. The decision to transition to RCGT aligns with the Corporation's development trajectory in both the near and long term and we strongly feel that RCGT will meet the Corporation's evolving assurance needs. I would like to thank Davidson for the services provided by Davidson since 2019."

About Bluesky Digital Assets Corp.

Bluesky Digital Assets Corp, is building a high value digital currency enterprise. Bluesky mines digital currencies, such as Bitcoin and Ether, and is developing value-added technology services for the digital currency market, such as proprietary technology solutions. Offering a complete ecosystem of value-creation, Bluesky is targeting reinvesting appropriate portions of its digital currency mining profits back into its operations. A percentage of the profit will be invested in the development of a proprietary Artificial Intelligence ("AI") based technology. Overall, Bluesky takes an approach that enables the Corporation to scale, and respond to changing conditions, within the still-emerging Blockchain industry. The Corporation is poised to capture value in successive phases as this industry continues to scale.
